ATTACHMENT A – AMENDMENT #2

SCOPE OF GRANT AMENDMENT

Article 1. BACKGROUND

This Grant Amendment between the Alaska Department of Labor and Workforce Development, Division of Business Partnerships (hereafter referred to as the Division) and Yuut Elitnaurviat (Yuut), (hereafter referred to as the Grantee). This amendment increases the grant by \$125,000 for a total of **\$323,022**. The amendment is funded using existing Denali Training Funds to train an additional 35 rural residents in an 8-week Construction Trades Training.

Article 2. GRANT PERIOD

The period of performance for this Grant Amendment remains unchanged, **September 1, 2006 through June 30, 2008.**

Article 3. PROJECT DESCRIPTION

Yuut Elitnaurviat offers the YK Delta's only specific trades apprenticeship program in conjunction with seven local employers. Federal regulations mandate that each apprentice receive 144 hours of related classroom training each year to maintain their active status in the program. The Yuut Elitnaurviat will deliver 8 weeks of Construction Trades Training with this Denali Training Grant to meet program requirements and keep our apprentices status active. As with most things in rural Alaska we are must limit the number of registered apprentices due to a lack of Journeymen and the 1 to 1 ratio our program standards require. As a result we "stack" our classes and also offer entry-level NCCER certificates to individuals wanting to prepare for apprenticeship (so that they rank higher when they apply with us or a union program) and maintenance careers. By stacking the classes we get the greatest return on our instructor's time and can keep costs as low as possible while still delivering everything in person and in-region. We are now applying college CTT credit to our programs so that an individual interested in a career in maintenance or construction management can earn a university-recognized certificate after taking several academies. This certificate can then be rolled into an AAS degree in Applied Technology or can be taken and applied towards a degree in Construction Management.

Yuut will be offering the following courses with our currently available Denali funds all are NCCER Courses:

- Electrical 1 (December 3-14)
- Core (Jan 21-Feb 1)
- Plumbing 1 (Feb-4-15)
- Electrical 2 (March 17-28)

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
